# INVITATIONS

### APRIL

Send out invitations to guests with an RSVP deadline so you can effectively estimate your “count” for your hospitality program.

To maximize your value at this year’s tournament, we recommend that you closely monitor a detailed invitation list.

- Develop a list of RSVPs well in advance to ensure you have the correct number of tickets you need to email via account manager.
- Refer to account manager page for more details.
- The nature of some people is to wait until the last minute; have someone on your team contact those on your guest list who have not responded (approximately a day or so before the deadline).
- After you receive a number of declines, you are now able to extend invitations down your prioritized list to clients and guests to utilize any remaining tickets.
- Begin to summarize ticket numbers for each day.
- Suite, Patio Club and Villages tickets are all-inclusive tickets that include food and beverages. Be sure not to send out any tickets too early. This will result in valuable tickets being passed down to unintended guests as schedules change and conflicts occur.
